Unless such Excursions are undertaken under competent guidance they are not likely to be of much practical use. I presume that a really competent Master will be told off for only either Student on the occasion.

1 NOTE.

Sr:2 24.2.20

SUBJECT:--Practical training to the Students of the Ayurvedic College, Mysore.

-----:00:------

I beg to submit herewith report No.105 dated 17th February 1920 from the Head Master of the Ayurvedic College together with a - - petition presented by the students, recommending that the students may be permitted to - - proceed on periodical tours to important places in order to improve their professional knowledge as is the practice in the Training and other Colleges.

2. The idea is a very good one and such tours will give the students a good opportunity to acquaint themselves with medicinal plants etc and to identify them also. The members of the College Committee are also agreeable to the proposal.

3. I am told that ~~vicis~~ rich medicinal herbs etc., are likely to be found in the Biligiriragan Hills and the Head Master is of opinion that the students may be sent there advantageously in the first instance.

GPB—1,000—10-10-12

4. The students told me that they

they would defray their own expenses if a small grant to supplement their contribution is made from Government Funds. There is a provision of Rs. 1200/- in the current year's budget for " Office Expenses and Miscellaneous and only a sum of Rs. 312/- has been spent till now. I beg therefore to recommend - - that the intended tour to Biligiriragan Hills may be sanctioned as also a lump sum grant of Rs. 100/- from the source pointed above.

Muzrai Superintendent.

No. 105

Enclosure.

Sir,

I have the honour to submit herewith the applications, received from students, praying for the adoption of Lecture System etc., and for grant of scholarships to private students, together with a copy of proceedings of the College Committee, No. 11, dated, 8th December 1919, already submitted to your Office, for favour of disposal.

In the said Proceedings the Committee have recommended for the grant of the students' prayers.

If funds are available, I recommend that the students may

6 be kindly allowed to proceed on periodical tours to important places, in order to enhance their professional knowledge, as is done in the case of the training College, Engeneering, Forest and certain other insti

I have the honor to be,
Sir,
your most obedient Servt

S Venkoba Rau,
Head Master

Students as how the acute and chronic cases.

Through the Head master, Ayurvedic & Sanskrit, Mysore.

To

The President of the
Ayurvedic College Committee,
Mysore.

Sir,

We beg to approach you humbly and place before you a few of our requests for your kind consideration and immediate sanction.

Of four years of our term of study in the College three have already been spent without the sought for benefit and if the sort of training continues nothing can be done during the coming year and four years of our prime of life will have been wasted for nothing.

Our study consists of two portions: —
Theoretical and practical.

Theoretical:— The way of teaching the text books is inadequate; the library is too insufficient; lecture system is quite necessary; for this Pandit T. K. Sastry (A.V) may be called on to deliver the same and the present lecturer also may be asked to take these subjects in the class. also. Newly published and useful books on Ayurveda must be brought

Practical: ——— Drugs — Mostly worthless ones —. Colleges ought to be arranged for identifying them and the cost which may not be great must be borne by Government; the drug museum should be enlarged.

Medicines — Each student ought to be made to prepare the different medicines and allowed to use them himself, and study the results.

Diagnosis: — The most important section of the practical work. The present dispensaries which are poorly supplied are insufficient to give an idea to the

students as well know the acute and chronic cases - different diseases are to be treated. Outpatient ward we could not attend until they are granted we ought to be allowed to the in patient wards in the Krishnarajah hospital with a teacher explaining the cases in Canarese and Sanskrit.

In Conclusion we pray most humbly that these our prayers may be granted immediately as these have already got the sanction of the Committee and our term of study is very short Awaiting sanction,

We beg to remain, Sir,
Your most obedient and humble
students,
U. Srinivasan
